

High School Yule Pageant, 'Prince of Peace,' Showings Set Next Friday, Sunday

"The Prince of Peace," Washington Union High School's annual Christmas Pageant, will go on stage before Township audiences twice next week, with performances slated for Friday afternoon, Dec. 17, and the following Sunday afternoon. Both showings will be held in the High School auditorium.

Written, produced, and staged by high school faculty and students, the pageant will last approximately one hour. It is adapted from quotations in the Holy Bible, and is divided into two sections, "The Prophecy" and "The Fulfillment." More than 50 students will perform on the stage during the production, while a chorus of 60 voices will provide musical accompaniments.

High school drama, music, home-making, art, and woodshop departments have been working all fall to prepare the pageant. Faculty members in charge of various operations includes Mrs. Martha Hartsog, director; Miss Audrey Carmody, costumes; Miss Dorothy Czerny, art; George Reeves, woodshop; and William Mette, stage crew.

The first section, "The Prophecy," will feature four drama scenes, while the second section, "The Fulfillment," will consist of four tableau settings. The entire program will be enacted without once closing the curtains.

On stage Dolly Silveira will narrate the story, while leading roles will be played by Edward Wright, Bernard Day and Bob De La Torre, prophets; Peter Triana, Zacharias; Ellen Freitas, Elizabeth; and Laura Emery, playing the part of Mary.

Other prominent parts will be played by Joan Halliwell, Peter Celli, Anna Mae Peixotto, Lorraine Gomes, Daphne Taylor, Alija Campa, Gerry Homen, Audrey Vargas, Josephine Escalona, and Marjorie Santos.

The program will also be highlighted by many choral numbers, as well as solo numbers by Lorraine McClain, who will sing "Hear Ye, Israel"; Vivian Duarte, a solo verse of "Silent Night"; and Bob Lizardo, the obligato to "God So Loved the World."

Mr. and Mrs. Dwight Thornburg are in charge of music.

In addition to songs by the mixed choir, several verse numbers will be presented by the girls glee club, featuring as soloists: Janice Harlan, Jeanette Nunes, Barbara Crum, Darlene Caldeira, Evelyn Chambers, and Claire Arioto.

The program will come to a conclusion with the grand finale, "Joy to the World."

Prominent helpers off-stage will be Salvador Guerrero, stage manager; and Manuel Silva, student assistant director.

Admission to both showings will be free, and the public has been cordially invited to attend.

NEWARK FIRE DAMAGE DOWN, REPORT SAYS

Despite housing and industrial developments in Newark, which have nearly doubled population in post-war years, the number of area fires and fire damage has steadily decreased.

This is the gist of a report to be made next week by Newark Fire Chief Joseph Pashote to commissioners of the Newark Fire Protection District.

Pashote's report, an annual resume of department activities during the past year, shows the department received less calls during the past 12 months than during any similar period over the last seven or eight years.

Of a total of 27 calls turned in, the report adds, 20 were rubbish or grass fires, two were chimney blazes, one barn and hay, one dwelling, and one a grass fire caused by fireworks. In addition, it states, the department was called to the scene of an airplane crash to stand by in case of explosion.

Pashote will present these statistics to Commissioners Tony Martin, Albert Pashote and Joseph D. Silva, at a meeting to be held at the fire house beginning at 7:30 Monday evening.

Total damage by fire in Newark this year was estimated by Pashote to be \$1800 "at the most." Comparative figures show \$2300 damage in 33 fires during 1946, and \$3500 loss in 51 blazes during 1945. Pashote paid a compliment to children of the Newark area, stating that not one fire this year could be traced to children.

Two long "streaks" during which no fires were reported highlighted the year, Pashote added, with the town going "fire-less" from last November 18 to May 10 last year, and from November 3 to date this fall.

The district, formed in 1916, serves a four square mile block of territory extending from the P. G. & E. road to Jarvis road, and from San Francisco Bay to the Centerville County Fire Protection District boundaries.

COMMUNION RITES TO BE OBSERVED

Quarterly communion ceremonies will be observed Sunday by the St. Jude and De Guadalupe Institutes, Y.L.L., and the Y.M.I. Council of Washington Township.

Observance ceremonies will get under way at 8 a.m., when a mass will be said at St. Joseph's Church in Mission San Jose.

The mass will be followed by a breakfast and entertainment in the Washington High School cafeteria, prepared and served by Mrs. Eleanor Lewis and her cafeteria staff.

Members of the Knights of Columbus have been invited to the affair.

Raymond Maylor of San Jose, grand past president of the District Council, Y.M.I., will be featured speaker at the breakfast.

NILES MAN WINS BOY SCOUT AWARD

Fred Duffie, Niles, chairman of the camping and activities committee of the Oakland Area Council, Boy Scouts of America, was presented a bronze statuette last Saturday night by Judge Allen G. Norris, Centerville, Oakland Council president, in recognition of his outstanding work during the past year on behalf of area scouting.

The presentation was made at an annual meeting and recognition dinner held by the council at Camp Dimond in Oakland.

Duffie was one of 10 persons to receive the statuette awards, out of more than 3000 adult council members. The figurine is of a Boy Scout.

At the meeting Norris was re-elected to serve as council president for the second straight year.

NEW BIDS CALLED FOR NILES P. O.

New proposals to furnish suitable quarters for the Niles post office under a lease agreement for the next five or ten years, are being sought by the U. S. Post Office Department this week.

This was revealed by Niles Postmaster Edward E. Enos, who added that two bids already filed with the department have been rejected.

New bids must be filed with Post Office Inspector W. B. Mouser in Oakland by January 10.

Floor space of about 2,000 square feet is desired in the new location, Enos stated, and the premises must be ready for occupancy on July 1, 1949.

The program, which will begin at 7:30, will be featured by community singing, tap dancing, and other entertainment. In addition, Santa Claus will be on hand to distribute Christmas presents to the children.

Arrangements for the affair have been made by the Chapter Christmas Party Committee, with Fred Lewis, chairman, assisted by Jack DeLuca, M. J. Bernardo and Richard Johnson.

COUNTY FIREMEN MEET

The Alameda County Association of Firemen will hold their annual Christmas Jinx at the Club Alabam next Tuesday, December 14. Election of officers will also be held at that time.

MISSION TO MEET ON SEWAGE PLAN

A public meeting to hear objections to a proposal to extend the sewage collection system of the Irvington Sanitary District in Mission San Jose will be held next Friday, Dec. 17, according to notice given by the sanitary board. The meeting will be held in the Mission San Jose elementary school at 7:30 p.m.

The board, by public notice in The Township Register for the past two weeks, has announced its intention to complete the sewage system of the Mission San Jose annexation area, the work to be financed by bonds issued under the Improvement Bond Act of 1915.

Forty thousand dollars for which the district bonded itself earlier this year has been spent in laying mains to connect the original Irvington Sanitary District system with the annexed area.

A further sum is necessary to complete the Mission system, and it was asked by property owners of the area at a public meeting during the summer that the sanitary board take steps toward raising funds for completion. This involves bonding individual pieces of property, a procedure made possible under the bond act cited.

NILES BOY BRINGS HOME GERMAN WIFE

Joe Nogueira Jr., son of Mr. and Mrs. Joe Nogueira of 849 Second street, Niles, arrived home this week after serving with the army for three years.

His stint in Germany was not an unhappy one, however, in spite of the rigors of army life in Germany, for over there he found a bride—a comely German girl who had worked as a secretary for the U. S. Army. She is the former Magda Bauer, daughter of Mr. and Mrs. Alfred Bauer of Stuttgart, Germany.

The pair arrived in Niles Wednesday to visit his parents, after a trip across the Atlantic by boat and across the continent by plane. The German girl's eyes were wide at the sight of such an abundance of everything here, especially food. Speaking in almost perfect English, she expressed a desire to know all about America, saying that it is such a wonderful country.

Joe Jr., who is a former student at Washington High, has taken a job with a summer resort in Sul-sun, where the two will make their home. He, too, is glad to be in America, saying that he "could hardly wait to get home."

ANNUAL DINNER AND PROGRAM SCHEDULED

Warm Springs S.P.R.S.I. will hold their annual Christmas dinner program this Sunday, at the Warm Springs Grammar School. Dinner will be pot-luck.

Mrs. Minnie Garcia is unit president.

Junior College Decision Goes To Voters at Dec. 14 Election

RECREATION PLAN OUTLINED BEFORE NILES CHAMBER

The Niles Chamber of Commerce, meeting Tuesday, heard George R. Vestal, superintendent of the Hayward Area Recreational District, explain the organization and functions of the district's recreation program.

He was invited to address the Niles chamber by President John Brahmst, who last week suggested that a recreation plan for Washington Township be considered, and that methods of achieving it be studied.

Vestal explained that in the Hayward district the recreation program centers around school grounds, the school district and recreation district jointly supplying facilities, while the recreation district furnishes personnel for leadership and supervision.

The recreation district functions on proceeds of a 20-cent tax rate. Playgrounds operate with availability by all children.

There are now 25 recreation districts in California, the speaker stated, and experience has proved that the method is sound.

He explained that, should Washington Township be interested in a recreation program, there are three ways of establishing one: (1) voting a county district; (2) operating the recreation facilities through school districts; (3) annexing to the Hayward area recreation district.

DECOTO CHAMBER TO FETE SCOUTS

The Decoto Chamber of Commerce will assist merchants of the community in entertaining the Boy Scouts of Decoto Tuesday evening, Dec. 14, at a Christmas party at the fire house.

At the Chamber's regular monthly meeting last Tuesday, Joe Caldeira was made chairman of the event, which will be a bean-and-weenie feed.

The Decoto Chamber sponsors the Scouts, and Pat Luna is scoutmaster.

Henry Borghi, U. C. stellar line-man, will be guest of honor at the January meeting of the Chamber at dinner at the Loma Linda Cafe. Gil Koch, manager of the new industries committee of the Oakland Chamber of Commerce, will be speaker. Also invited to the January dinner are Supervisor Chester E. Stanley and W.U.H.S. Coach Jud Taylor.

CENTERVILLE C. C. PLANS DECORATIONS

The Centerville Chamber of Commerce, meeting Wednesday noon at the California Inn, decided to plan street decorations for the 1949 holiday season, and President Allan Walton appointed George Oakes, Charles Wauhab, Joe Adams and A. E. Alameda to head the undertaking.

Decorations for the present season were abandoned because of high cost. It was recommended Wednesday that decorations be acquired year by year, as is being done in Niles.

TRANSIENT TO ANSWER CONCEALED WEAPONS COUNT

Ignacio Miranda, 46, Stockton transient arrested by Alameda County sheriff's deputies recently for carrying two game cocks, a revolver and ammunition, brass knuckles, and a dirk, is scheduled to appear for arraignment in Centerville Justice Court this morning.

Miranda failed to appear as scheduled last week when his attorney was unable to make the hearing. He is charged with carrying concealed weapons.

With the special election on the proposal to establish a Junior College District in Alameda County scheduled for next Tuesday, Dec. 12, activity of proponents during the week resulted in a crescendo of endorsements. Opposition to the measure loomed, too, although relatively unorganized.

Led by the professional educators of the county, supporting groups this week expanded to include the Alameda County Teachers Association, of which Miss Mary Shea of Newark is president; 25 superintendents of school districts; the Brotherhood of Freight Handlers, Express and Station Employees; the Alameda County Junior College Citizens Committee; the Central Labor Council of Alameda County; and the C.I.O. Council of Alameda County.

In Washington Township, following endorsement of the proposal by the Decoto Chamber of Commerce and opposition by the Centerville Chamber, the issue came before the Niles and Irvington chambers.

The Irvington body declined to express an opinion. The Niles Chamber voted an endorsement by scant majority. P.T.A. endorsements in Washington Township have been plentiful.

Opposition to the proposed district was expressed this week by the Alameda County Taxpayers Association, which stated as its reasons: disagreement by educators as to type of junior college; the additional tax which would be levied; and possibility of junior college instruction by existing districts.

These arguments, however, have been knocked down repeatedly in the spirited campaign for the proposal by school men.

Heading the campaign for the Junior College District have been County School Superintendent Vaughn D. Seidel and members of his staff. Speakers for the measure have been supplied at many meetings throughout the county. The superintendent's office has handled the lion's share of publicity to the press.

Chief opponent of the plan is Mr. Taxpayer, justifiably a bit dazed, nevertheless relatively unorganized, and groping for sound arguments to bolster himself in his position of not wanting to pay additional taxes—for no matter what.

The wiser political guessers in Washington Township are not positive—but still quite sure—that the proposal will be defeated.

The Township Register favors an Alameda County Junior College District and recommends a "yes" vote.

ROAD PETITION BEING CIRCULATED

A petition asking the County Board of Supervisors to surface Ash street in Newark with an oil compound is being circulated this week under the sponsorship of the Newark Women's Improvement Association.

The document, which cites a dust nuisance caused by heavy use of the presently unpaved road, was prepared by Mrs. Norma Willburn, and is being circulated under her direction.

It states that the road ranks third, from the standpoint of amount of use among Newark streets, pointing to heavy truck transit to and from the Leslie and Morton Salt plants and Westvaco, as well as constant use by employees of these three plants.

Ash street runs roughly north and south between Thornton and Wells avenues.

PETITION SEEKS TO ABANDON ROAD

Abandonment of Mill Creek Road, formerly known as Mission Peak road, is requested of the board of supervisors in a petition filed this week and signed by 11 property owners in the area.

The road goes through property of Carmen and Allen M. Starr. The petition was referred to the county planning commission at the request of Supervisor Chester E. Stanley.

UTES TODAY FOR DOCTOR HOLEMAN

"A man who was always kind and who put consideration of others above everything" is the way a friend of the late Dr. George S. Holeman expressed a sentiment that will be shared by all of those who knew him.

Succumbing to a long illness, the Centerville doctor died at a San Jose hospital last Wednesday. Funeral services will be held at the Chapel of the Palms in Centerville today (Friday) at one o'clock, with the B.P.O.E. of Alameda conducting the rites.

A native of Iowa, the doctor came to Centerville about 25 years ago. Through his devotion to his profession he made many loyal and staunch friends throughout the township. He is survived by his widow; by a daughter, Mrs. Antoinette McCree of Wyoming; a son, George S. Holeman, of Oregon; a brother, Roy R. Holeman of San Bernardino; and by a grandson, Steven Robert McCree.

For the past year the doctor and his wife had been making their home in Boulder Creek, where, it was hoped, the doctor would recover. But a second stroke sent him to the hospital in San Jose over a week ago, where Mrs. Holeman remained constantly by his side until the end.

He was a member of several organizations including the Alameda County Medical Society, the B.P.O.E. No. 1015 of Alameda, Washington Township Post American Legion, U.A.O.D. Grove 123 of Centerville, The Washington Township Men's Club, the Centerville Lions Club, the U.P.E.C. Council 5 of Centerville, and an associate member of the Santa Clara County Medical Society.

LIONS WILL GIVE CHRISTMAS PARTY

The Centerville Lions Club, in co-operation with the Center Theater, is planning a Christmas party for youngsters on December 22 at 2 p.m. at the theater.

Rev. Arthur Freeman of the Lions Club is chairman in charge of the event. There will be candy and lots of movie shorts and cartoons.

Are you ever bothered by a tune that you can't get out of your mind? "Waltz Me Around Again Willie" has been nagging

like that for the past few days and there must be a reason. Oh, yes! Just an association of ideas! Not Willy, but Matilda! "Waltzing Matilda" that is, formerly known as Ed Gurley, who distinguished himself at the King-Costa wedding where, as best man, he opened the dancing by doing an exhibition waltz with the maid of honor. I have it on

good authority that Ed will never be the same again.

We, the younger set, are all for more weddings like the Greta Mohn-Don Kirkbride ceremony. It was so very solemnly beautiful. Both the wedding and reception were attended by almost everyone in Niles and if good wishes mean anything, the couple's happiness is assured.

How did you girls make out with the dream pieces of wedding cake? I put mine carefully under the pillow, crossed my fingers, and hoped for the best and then fell into the most disgusting dreamless sleep, with not even a glimpse of a dream man.

Washington High alumni, Evan Parry, Gordon Kibby and "Butch" Mohn were there. They want more alumni news in the Register, so brace yourself, Miss Enos, heah ah come!

Pardon my southern accent but it's association with Bernie Day (playing Isaiah) in pageant rehearsals that does it. With his "hot southern blood" predominant, Bernie, in accents of purest Alabamian asserts, "We should have some colored angels, ma'am." Concerning the angels in the pageant, there are plenty of remarks about "miscast characters." Well, girls, if we do pull it off it will be evidence either of our superior acting ability or of our sweet natures.

Looks as though our basketball champs are off to a good start. Wonder what kind of breakfast food they eat.

Among the things we won't forget in a hurry is the Award Assembly. After the presentation of Dallas Paul's gold football and the S.C.V.A.L. trophy, Mr. Gravestock conferred certificates on 58 students with perfect attendance records.

Fifty-eight out of six hundred and ninety-two students! Must be that the rest of us have been intimidated by Angelo Patri and the entire medical profession who keep insisting that you stay at home if you have the sniffles. Anyway, it's a comforting philosophy at seven o'clock on a cold and frosty morning.

Two special assemblies are in prospect, one on Friday, the other Monday. On Friday, Anne Leal, a professional entertainer, will perform for the student body imitations among other things, I believe. The well-known Miss Leal is a cousin of our own Gerry Homen.

On Monday there will be something special in the way of a National Assembly.

Honorable mention to Dorothy Roney for a really excellent Latin translation. That "hic" was a masterpiece.

A medal to Carrie for devotion above and beyond the call of duty. Thanks from the pupils you rescued from the limb out upon which they had so rashly crawled.

Thinking Things Over ...

By VIVIAN BATM. N

One of our very nice readers up in the Sierras brought us down a Christmas tree this week. Wanting to keep it green and fresh, I immediately investigated methods for so doing.

I found a formula recommending by Sunset Magazine, which is said to keep a Christmas tree fresh. If any of the readers would like the formula for that, or for preserving and flame-proofing a tree, call me and I will be glad to give you the information.

And speaking of Christmas, I would like to congratulate the people who live in that attractive spanking-white house on the left hand side of the road going to Mission San Jose from Niles. They have installed the most festive and beautiful Christmas decorations on the outside of their home. To pass by it at night is to put yourself immediately in the Yule spirit. I don't know who lives there, but I would like to, for they must be friendly, gracious people to give passers-by such a lift in spirits.

The Junior College Proposal

Next Tuesday, December 14, you will go to your polling place and vote either for or against establishing a Junior College District in Alameda County.

We have heard a great many people say that they intend to vote against the district. Why? Because it would mean another tax and a future additional bonded debt against their property. Because the location of a junior college in this county probably would be near the more populous areas toward Oakland, thus at some distance from Washington Township. Because junior colleges and state colleges in other counties are not too far away to serve students from Alameda County.

And of course there are many arguments of smaller consequence against the district. There always are many arguments against anything new.

The principal arguments—those that we have mentioned—are reasonable and deserve consideration. We think that, after a fair appraisal of them, a forward-looking voter will favor a Junior College District.

It is a wise precaution to beware of any new tax; we should spend money

publicly with as much caution as we spend our personal funds. But a tax is not bad if it buys something good. And junior colleges are a necessary part of modern public education. Our county has no junior college, figures prove that it needs one—so let's buy one.

The argument that the first junior college to be located in the county probably would be near to the more heavily-populated area of the county, and thus distant from Washington Township, is based on a logical assumption. Public funds always should be spent to bring the greatest good to the greatest number. So, Washington Township students would have some distance to commute to the first county junior college. This would be an inconvenience, yes. But it would be more sensible than establishing the first unit of the school in the rural area, thus compelling most of the students to commute from the cities to the junior college.

As for the third major argument against the Junior College District proposal, we feel that leaving the junior college education of our offspring to other counties puts our county in the same position as the irresponsible parent who leaves the care of his child to the neighbors. We should want to do the job ourselves, and with our best efforts.

Anyone interested in the issues of the election—and everyone should be interested—already is familiar with the basic facts and figures. A junior college program is needed by the young men and women graduates of our high schools who want another two years' education. It will equip them for more intelligent citizenship and aid them in earning a better living.

Ours is a large county, not a poor county, and this is one thing which we can afford that we can buy for our young people.

READERS WRITE US

The "junior college for Alameda County" is a highly controversial issue at this time. The following letter on this subject was sent in to us this week. The "Readers' Write" column is open to anyone who signs his name. If there are any readers who care to write for the opposing side, let it be remembered this column is "all yours."—The Editor.

Editor, Sir:

How can anyone oppose a junior college, when we consider these facts:

(1) It is difficult for the average student between 17-18 years, from a small high school, to compete, in a large university with brilliant students, and G.I.'s, with all their worldly experience.

(2) It is a selfish motive on the part of the Centerville Chamber of Commerce, when they unanimously voted the opposition to the proposal to establish a county-wide junior college district—Reason, the ready access from the township to San Jose State College.

Shouldn't we, of the township and part of Alameda County, think of what is best for all young people in our county?

(3) San Jose State is raising its requirements. Many students have been dropped due to the higher standards.

(4) All young people should be given an opportunity for self-improvement. A junior college, through vocational aptitude tests, helps a person to find himself. If qualified, he may continue with higher education, otherwise he may be advised to apply himself to one of the numerous trades—or farming—or any number of useful occupations.

(5) Education helps to adjust one to life.

(6) All good Americans should be willing to sacrifice a few dollars for education, hospitals, youth centers and highways.

(7) Proper education helps to make better citizens. Better citizens make more prosperous communities. More prosperous communities offer more advantages for every one.

ARGUMENTS FAVOR JUNIOR COLLEGE

Herewith The Register concludes the arguments favoring establishment of a junior college district in Alameda County, pointing to a "yes" vote in the special election to be held Tuesday, Dec. 14. Jack Rees, well known in Washington Township, and superintendent of elementary schools in Hayward, has summarized the case for such a district at our request for our readers.—The Editor.

The proposal has been enthusiastically endorsed to date in this area by the Sixteenth District California Congress of Parents and Teachers, the Phoebe Hearst Council, the Alameda County Teachers' Association, the Alameda County Educational Association, and the Southern Alameda County Principals' Association.

The proposal has the endorsement of these outstanding educational leaders: Dr. Robert Gordon Sproul of the University of California, Dean A. John Bartky of the Stanford School of Education, Dean Frank N. Freeman of the University of California School of Education, Dr. John Almack, Professor of Education at Stanford, and Dr. Elmer Staffelsback, formerly of San Jose State Department of Education and now with the State Commission on School Districts.

The proposal is especially advantageous to Washington Township, which does not have enough potential immediate pupil population for an adequate junior college program of its own and which needs to be part of a larger unit to provide and guarantee junior college opportunities for its high school graduates.

It was a "good idea" for all of Washington Township's elementary school districts to unite to provide high school opportunities under the Washington Union High School District. It is an equally "good idea" for all of the districts of the county to unite to provide an adequate junior college program for all of the pupils of the county.

Adoption of the proposal will

glected to include the name of tackle Robert Lizardo. In as much as he gained recognition for this award over many others I think that he should be given the credit due him.

As a classmate of Bob for almost four years I know, and I think you will agree, that there was none who deserved that honorable mention more than he.

Thank you for the space you have given me.
(MISS) BARBARA DE BORBA

end this county's parasitic junior college program which relies on the generosity of junior colleges in other counties. We never know when those colleges will be over-filled and our youngsters will be turned away or placed on long waiting lists.

The Alameda County Taxpayers Association estimates that adoption of the proposal will necessitate a 26-cent tax for capital outlay and operation. That represents an increase of 20 cents over the present 6-cent tuition tax and would increase the average taxpayer's taxes about 1 cent per day. Surely, that is a very small investment in the welfare of our youth and county.

NILES LIBRARIAN RETIRES AFTER 30 YEARS

EARLY HISTORY OF LIBRARY IS REVEALED

After 30 years at the Niles library, Mrs. Emma Murray, beloved friend and confidante of many newcomers and old-timers in Niles, announced that she is retiring from the library.

The announcement comes as no surprise to her friends, as she has been confined to her home for several months, recuperating from a severe illness that makes it impossible for her to resume her duties at the library.

Mrs. Murray, who has lived in Niles for over 40 years, has many happy memories of her work at the library. She has been closely identified with the library for as long as it has been in existence. She relates, with understandable nostalgia, some of the highlights of her post at the Niles library, including weiner roasts and marshmallow roasts around the big fireplace for the Niles children (many of whom will also remember those happy days), and of the story-telling hour conducted by Mrs. Roland Bendel, which brought the children out in droves to the library. "Perhaps it wasn't strictly according to Hoyle," said Mrs. Murray, with a certain wistfulness in her eyes, "but to watch the children gathered around the fireplace toasting marshmallows on a wintry day was one of the happiest memories of my library career."

It might be well to mention at this time, for the benefit of the newer residents of Niles, that the present Niles library had its beginning in a discarded railroad station belonging to the Southern Pacific.

A library association was started in Niles, and it was through their efforts that the present site was purchased. They learned that the S.P. was to build a new station and promptly put in a bid for the old one, which was moved to the present site. It was in that old station library that Mrs. Murray began her library career in Niles.

Coming to the library one day, Mrs. Ford noticed that one of the casters of the chair in which Mrs. Murray was sitting, was sunk down into a hole in the floor.

"I thought then that the floor should be fixed, so I went home and told Mr. Ford about it," said Mrs. Ford in her frank manner. "But upon investigating, he found that it would cost \$85 to repair the floor, and then conceived the idea of giving Niles a new library building."

The amount to be donated for a new building was set originally at \$5,000, but by the time the architects and builders had gone over plans and added a bit here and there, the cost came to \$30,000! But Mr. Ford went ahead with the building in spite of the added cost, and in 1927 a mammoth dedication celebration was held, under the auspices of the Masonic Order of San Francisco, of which Mr. Ford was a member.

The Niles Library Association later became defunct and Mr. Ford turned the library over to the county.

FINAL RITES HELD
FOR FIRE VICTIM

Final rites were held Tuesday from the Corpus Christi Church in Niles for Mrs. Angeles Chavarria, 77, who was burned to death Sunday in a fire which razed her home at 417 Third street, Decoto.

Injured in the blaze was her husband, Ricardo Chavarria, 66, who suffered second and third degree burns about the face and hands when he tried to rescue his wife from the flaming kitchen. He was treated at Fairmont and Highland Hospitals, but was released later this week.

Mrs. Chavarria died when she was trapped in the bedroom, surrounded by flames which almost leveled the home at 7 a.m. Sunday.

Decoto Fire Chief Roland Bendel, who headed fire crews at the scene, stated the fire apparently had started near the kitchen stove and had spread quickly to other parts of the house. He estimated damage to be between \$1200 and \$1500. The alarm, he added, was turned in at 7 a.m. by Ensuble Elizarey, 16, of 424 Fourth street, a neighbor.

Mr. Chavarria related to police how he had been awakened by smoke and the sound of flames, and himself became trapped in a bedroom of the home when a wall of flames prevented his entering the kitchen and leaving the house. After desperate attempts to try and save his wife, he was overcome by smoke, and was discovered, semi-conscious, near the rear of the home.

Survivors include, in addition to Mr. Chavarria, one daughter, Mrs. Carmen Martin of Decoto, and five sons, Joseph, Henry and John Rivera of Decoto, and Frank Rivera and Joseph Chavarria of Hayward.

Burial was at Holy Sepulchre Cemetery, Hayward. Arrangements were made by the Berge Mortuary.

FATHER REARDON SPEAKS BEFORE MEMBERS OF DECOTO DISCUSSION GROUP

By ETHEL AVILLA

On Wednesday, Dec. 1, Father Reardon of Mission San Jose spoke before guests and members of the Decoto Discussion Group when they met at the home of Mrs. Grant Wiswell in Santa Clara.

Mrs. Edward Mara led the discussion of "Our Lady of Fatima" by William Walsh, which is an account of the series of apparitions that took place before three small children in Portugal in 1917. Father Reardon, though English by birth, was both educated and ordained in Portugal and is very well informed on this subject. His observations

of the book and his travels and experiences in Portugal were the highlights of a most interesting meeting.

A delicious two-course luncheon was served at noon by the hostess. Mrs. William Zadow is the club's newest member and guests were: Father Reardon, Mrs. Zadow's sister, Mrs. E. Thurston of Grass Valley, and Mrs. Dorothy F. Roberts, county librarian.

Mrs. Howard Bradbury will lead a discussion on antiques at next month's meeting. Mrs. Walter Avilla will be hostess.

Phyllis Day is Honored at Shower

Miss Phyllis Day, daughter of Mr. and Mrs. Wayne Day of Centerville, was the guest of honor at a lingerie shower and luncheon given for her by her godmother, Mrs. Henry Enos of Niles, last Saturday at the International Kitchen. Miss Day will become the bride of Mr. Lincoln D'Amario early next year.

Those present at the luncheon were Mmes. LeRoy Broun, Harold Garcia, William Yates, Edward Rose, Wayne Day, and the Misses Shirley Kraft and Joan Campos.

Following luncheon at the "Kitchen," the guests concluded the afternoon by playing cards at Mrs. Enos' home, where the gifts were unwrapped by the happy bride-elect.

Movies Taken Abroad Shown at Buffet

Mr. and Mrs. Frank Serpa of the Niles-Mission Road hosted a pre-Christmas buffet last Saturday evening for several of their friends. The highlight of the evening was the showing of movies taken by Mr. and Mrs. J. R. Pimentel of Fresno on their recent trip abroad.

Those present were the Pimentels, Captain and Mrs. John Souza of Oakland, Mr. and Mrs. J. Reynolds Souza of Berkeley, Mr. Antonio Thomas of Oakland, Mr. and Mrs. William Nunes of Newark and Mr. M. Perry of Alvarado.

A Week in the South

Mr. and Mrs. Carl Mohn of Niles returned last week from a week's trip to the southwest. They drove as far as Flagstaff, Arizona, with their daughter, Mrs. M. C. Beckers, who was returning to her home in Rapid City, S. D., after a visit in Niles. On the way the Mohns took in the sights of Mt. Whitney, Death Valley, Boulder Dam, and the Grand Canyon. They returned home by train.

Centerville Couple Have 61st Anniversary

Once again it's wedding anniversary time for Mr. and Mrs. Antone F. Corriea of Parish avenue, Centerville. Former residents of Irvington, they celebrated their 61st anniversary, surrounded by their six children and their families.

After refreshments were served, and the reminiscing done with, the couple expressed a fervent hope to celebrate the occasion again next year.

Talk of the Township

WHEN R. J. WRIGHT, the Irvington realtor and chairman of the County Planning Commission, dons a red cap, sweater, and breeches, plus false whiskers, for the Irvington Children's Christmas Party, December 23, it won't be because he's a visiting fireman. . . First place honors, or luck, went to Walter Connolly last Week, at the Centerville Lions Club Whist.

NILES FIRST STREET was the first Niles street to receive a new white stripe down the middle, as county road painting crews resumed operations in the township.

SOUTHERN ALAMEDA county crime and traffic accident business apparently is in a slump, or at least it would appear so from the lack of reports in the Hayward sheriff's office.

THIS WEEK, for instance, not one major auto accident with injuries was reported in the township. Usually, according to Division Chief Doug Webb, our neck of the woods can be relied upon to produce from three to six good accidents per week.

SHORT SHOTS: Several Centerville stores are contemplating staying open nights for the Christmas rush. . . A deal for suitable property is said to be all that stands in the way of a new county-financed Warm Springs fire house. . . A new housing development, to the tune of 10 to 15 new homes, is said to be set near Mission San Jose.

SCOUT NEWS was made with a bang in the township last week. First, a meeting to organize a new Senior Scout Outfit was held in Niles last Friday night. . . Saturday, Judge Allen G. Norris of Centerville was re-elected president of the Oakland Area Scout Council . . . and Fred Duffie of Niles, was given a statuette award for scout services. . . Monday, Phil Sousa of Centerville received a letter from New York congratulating him on 25 years of scouting.

Niles Girl Celebrates Birthday

It was a gala birthday party last Saturday for little Zelma Lee Goularte, who was celebrating her fifth birthday. Those invited to participate in the cake and ice-cream, and other goodies, included Sharon Texeira, Donna and Allen Hadley, Hal and Jerry Janssen, Patsy Berchem, Billy Frick, Paul Turner, Gary Fracoli, Carol Cattaneo, Gary King, Peggy Barks, Patsy Lisch, and Nickie Pessagno.

The mothers who attended, who enjoyed the movies shown to the children as much as the youngsters did, included Mrs. Hadley, Mrs. Janssen, Mrs. Berchem, Mrs. Frick, Mrs. Hunt, and Mrs. Fracoli.

New Daughter

Mr. and Mrs. Dan Bodily are welcoming into their home in the Ellsworth Tract in Niles a brand new baby daughter, Karen, who was born Saturday at Merritt Hospital. The young lady weighed 8 pounds and 2 ounces at birth, which indicates that she will be able to hold her own in any encounters with her two-and-a-half-year-old brother.

Returns Home

Mrs. E. Campos has returned to her home in Hanford after spending two weeks in Centerville at the home of her daughter, Mrs. Wayne Day.

Irvington Visitors

Mr. and Mrs. Ivan Bingman of Portland, Oregon, enroute to Mexico, stopped off to visit Mr. and Mrs. C. Picotte of Irvington for two days this week.

Visiting at the home of Mr. and Mrs. John Mara of Canyon Heights is Lester Hans of Utica, Nebraska. He is Mrs. Mara's brother.

YULETIDE THEME CARRIED OUT IN MIKI MOHN-REV. KIRKBRIDE WEDDING

In a candlelight ceremony performed against a background of pine boughs and holly, in deference to the Yule season, Miss Miki Mohn, daughter of Mr. and Mrs. Glen Mohn of Niles, last Friday evening became the bride of the Rev. Donald Kirkbride at a ceremony performed at the Niles Congregational Church in the presence of over 300 people.

The bride walked down the taper-lighted aisle gowning in an exquisite imported French white brocade, designed by herself and fashioned by Mrs. LeRoy Broun of Centerville, who also provided the background organ music before and during the ceremony. Carrying a shower bouquet of orchids, the bride on the arm of her father, was preceded down the aisle by a quintet of attendants, wearing dark green taffeta frocks, and carrying shower bouquets of poinsettias, to carry out the Yuletide theme. Miss Helen Mae Vieux, maid-of-honor, wore a gold band on her hair. All the attendants wore long gold mesh gloves. They were Mrs. Patricia Mohn Pierce, Miss Marilyn Kirkbride, sister of the groom, Miss Bernadette Dowd and Miss Claire Nowell.

The candle-lighters for the ceremony were Edgar Dawson and Larry Lamoreux. Jack Parry did best man honors and the ushers were Bob Graber, Dick Brownlee, Carter Miller and Bob Phillipps.

For her daughter's wedding, Mrs. Mohn chose a black crepe frock, with metallic gold crest. With it

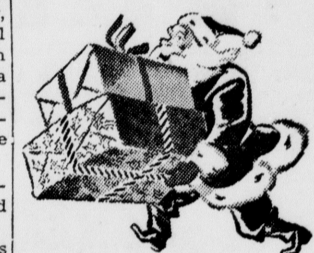

she wore a black hat and a corsage of red roses. Mrs. Donald Kirkbride, the groom's mother, was in a black frock designed with metallic-shot blouse. She wore a corsage of yellow roses.

The Rev. Arthur Freeman, rector of St. James Episcopal Church at Centerville, performed the ceremony.

Miss Doris Swensen, a classmate of Miki's when she attended Cal, was the soloist.

Following the ceremony, the newly wedded pair received felicitations from their friends at a reception held at the Old Adobe, after which they left for Carmel and thence to the Russian River. They will be home in time for Mr. Kirkbride to resume his ministerial duties this Sunday at the Niles Congregational Church.

HUSKIES SEEK 'RIGHT COMBINATION' IN BATTLE WITH PALO ALTO TONIGHT

Like opening a safe, the secret to winning basketball pennants lies in finding the correct combinations.

Washington High School Coach Clyde Voorhees will be looking for those combinations tonight, when his Huskie quintets engage the Palo Alto Vikings on enemy courts.

The Huskies, who lost nearly all their first and second-string varsity teams through graduation last June, will enter the fray distinct underdogs, despite a double drubbing handed Amador Valley Joint Union High quintets last Tuesday night. In the varsity contest the Huskies ground out a 43 to 17 win, while the 130 "B" team gained a 43 to 6 nod.

Huskie hopes tonight will rest mainly on the ever-present Joe Sankene, who will operate as key man on Huskie offense. Sankene, lone returning starter from last year's squad, will take charge of ball handling chores as rear man in Voorhees' 1-3-1 attack.

Four other letter winners also

will play important roles in the game, as will several new players up from last year's 130 squad. In the forward slots two vets, Gene Bramwell and Frank Vargas, will hold forth, while Gil Martinez will reign at center. A newcomer, Bill Pereira, will be inserted at guard opposite Sankene.

Vargas and Martinez both face heavy competition for first string positions, with Gil Orozco battling for Vargas' berth, and George Silveira, up from the 130's, making things tough for Martinez at center.

With all this talent, and more to spare, Voorhees is not at all pessimistic on his squad's chances in next spring's S.C.V.A.L. casaba chase. But neither is he too optimistic.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

YOUTH SOCIAL

The boys and girls of the Mission Youth Center met Thursday evening, Dec. 2, for their regular business meeting, conducted by President Rick Meyers. At this meeting it was decided that the next social would be a Christmas Sunday Best dance with each member being allowed one guest. A committee was picked for decorations and refreshments and, following the meeting, they spent the remainder of the evening till nine o'clock dancing to their new phonograph and playing ping-pong on the new table which was built for the group by their friend, Frank Vieth, with the help of some of the members, who also painted it.

FROM OLD FRIENDS

It is always wonderful to hear from old friends who have moved away but who are interested enough in their home town to correspond and also keep up a lifetime subscription to The Township Register just so they can get the "low down" on the goings on

around the township. So it is with Cassie Witherly and her family. Although they are living in various places and she is in San Francisco where she is still chaplain of the V.F.W. and spends her time visiting the vets in all the hospitals in the San Francisco area, she still finds time to send your correspondent bits of news about her loved ones so it can be passed on to the readers. Cassie is in "Seventh Heaven" as she puts it and well she might be for she has waited three long years for the return of her soldier son, T. Sgt. Richard Witherly, who on Thanksgiving Day called his Mom from Seattle that at last he was back in the U.S.A. on his way home from Japan. He was an aerial mechanic and also for pastime spent evenings playing in an orchestra over there.

He is probably in San Francisco right now and we send "Welcome Home" to him and may that home coming party be one you will never forget with all the brothers, sisters, aunts, uncles, and nieces and nephews there to greet you. Brother Dexter has been quite ill in the U. C. Hospital following an operation for ulcers. So thanks, Cassie, for letting us in on your family's doings and yours truly will reciprocate one of these days when the rush subsides.

AT THE BALLET

Vivian Higuera, Regina Schneider and her mother, Mrs. Marie Schneider, accompanied by Michael Luther, attended and thoroughly enjoyed the Russe De Monte Carlo Ballet in San Jose at the civic auditorium.

BETTER

Mrs. Mamie Brown is much better this week following a very bad two weeks of illness, and is able to be out and around again.

FIREMEN'S 'OSCAR'

One evening last week the fellows of the Mission Firemen's ball team met at Vilelas in Irvington where they threw a party with several members of the sponsoring club present. At this affair Frank Mayer, manager of the ball team, presented the firemen with a very beautiful "Oscar" which had been presented to them by the American League of 1948 for being the championship team of the area. It stands about 18 or 20 inches high with a figure of a ball player ready to strike a home run on the top of a dark mahogany pillar about 6x4 inches wide. This rests on a carved base about ten inches long. On the front of the pillar is a name plate of bronze (the player

and an American eagle resting on the base are of the same material) which carries the following names of players on the winning team: Manager F. Mayer, L. Rogers, A. Rivers, A. Ornellas, T. Garcia, H. Strub, R. Chapman, H. Faria, J. Perry, J. Rebello, F. Rogers, T. Rogers, M. Fontes.

In the absence of Jack Pereira, chief of the Mission Fire Department, Tom Cunha accepted the Oscar and brought it to the Mission where it is hoped that a suitable place can be found to keep it. At present it is in the Mission Bell Inn where Chet Holtz, another fireman, conducts his business.

TO LOOMIS

Mr. and Mrs. Edward Chambers and Beverly and Ronnie, motored to Loomis over the week-end where they visited at the home of his folks, Mr. and Mrs. Tom Chambers, and brother, Glenn, also at the sister's home near Roseville.

AT PALO ALTO

Mr. and Mrs. Ernest Frei went to Palo Alto Sunday where they were dinner guests at a friend's home.

GUEST OF HONOR

Sister Albertina, one of the old timers at St. Mary of the Palms,

is celebrating her Silver Anniversary this week and she will be the guest of honor at a music recital which the girls of the school will present.

HUGE SUCCESS

The turkey whist party held at the Mission Grammar School on December 7 was voted by all who attended a huge success. There were 18 tables with 33 prizes to be distributed to the players. Door prize, a turkey, went to our newcomers and owners of Ben's Chicken Shack, Mr. and Mrs. Ben Tommerdahl. Bill Dutra won a lamb, Teddy Garcia a puppy with a ribbon around her neck saying "My name is Princess," and Regina Schneider won the booby prize of two pairs of guinea pigs. The eighth grade and the grammar school, along with Mr. Click, the principal, wish to thank all those who gave prizes and all those who attended and helped to make the first party of this kind given by the present group a grand success.

Japanese forces occupied Guam from December 10, 1941, to July 27, 1944, at which date the island was proclaimed again under the rule of the United States.

MOTHER AND NEW BABY RETURN HOME

Mrs. Wesley Hammond and new born son returned to their Newark home today from the San Jose Hospital.

The baby, Kirk Alan, checked in at the hospital December 5, weighing eight pounds and four ounces. He is the first child to be born to the couple.

Paternal grandfather is Mr. Everett Hammond of Irvington.
